

# CABIN AIR FILTER

Nearly one in two new cars equipped with cabin air filters are fitted, as standard, with a Freudenberg micronAir® filter.

Corteco is constantly expanding its range of products and due to the strong connection between Corteco and Freudenberg, most cabin air filters are **First-to-Market**.

Corteco has expanded its range of cabin filters from leading vehicle manufacturers such as **SEAT, FORD, HYUNDAI** and **KIA**. These are available as particle and combination filters in OE quality.

## Selection of new cabin air filters in range 01/2018:

| Corteco No | Short-Code | Description | Manufacturer | Model         | OE No      | First-to-market |
|------------|------------|-------------|--------------|---------------|------------|-----------------|
| 49402330   | CC1549     | Combi       | SEAT         | IBIZA (KJ1)   | 2Q0819653  | x               |
| 49402331   | CC1548     | Combi       | FORD         | FIESTA VII    | 2092437    |                 |
| 49402332   | CP1548     | Particle    | FORD         | FIESTA VII    | 2092404    |                 |
| 49405696   | CC1531     | Combi       | HYUNDAI      | i30 (PDE)     | 97133F2000 |                 |
|            |            |             | KIA          | i30 CW        |            |                 |
|            |            |             |              | TUCSON (TL)   |            |                 |
|            |            |             |              | SPORTAGE (QL) |            |                 |
