RANGE EXTENSION

ENGINE AIR FILTER

The engine air filter kit 49382470 consists of two filters for the left and right side of the vehicle. These fit perfectly for the specific car application and are easy to install thanks to original Corteco quality.

Natural and industrial contaminants are filtered to avoid adverse effects on the combustion process. In addition, leads the new engine air filter to initial filtration performance with a 150% longer service life and therefore reduces effectively CO2 emissions.
